

# Fund Criteria:

## Nation of Sanctuary Croeso Fund

The Nation of Sanctuary Croeso Fund provides vital support for people displaced by conflict and/or persecution and seeking sanctuary\* in Wales.

*\*The City of Sanctuary prefers the term 'people seeking sanctuary' in most contexts, as this focusses on people first as opposed to their immigration status. It emphasises that people are **seeking sanctuary** (safety and protection), not specifically asylum and so has a broader application.*

We will prioritise applications from groups who can demonstrate a strong knowledge and understanding of working within this field longer term. This fund cannot support groups working within already established and settled minority communities or groups looking to work with people seeking sanctuary that do not have a track record of doing so.

Prior to opening the fund for the first round in 2022, we spoke to groups working with people seeking sanctuary in Wales to find out what the most critical needs for support were. The Fund will support gaps where other funding is not otherwise available, or where increased demand evidences the need for expansion of a service.

Our learning highlighted the most urgent and increased needs for people seeking sanctuary as:

- Addressing the trauma people seeking sanctuary face, by providing emotional support to improve mental health and wellbeing
- Support with integration and a sense of belonging

Therefore, the Nation of Sanctuary Croeso Fund is seeking applications from groups already working with people seeking sanctuary to provide support services to address these critical issues. For example:

- Befriending services
- Interpretation/language services
- Community/hub activities for people seeking sanctuary and their families to come together
- Trauma/emotional support

NB. this list is not exhaustive, it is meant to demonstrate the *type* of projects this fund will support.

We know that the situation is still very fluid and everchanging, so encourage you to add your voice by contacting the team by email if you have any questions or knowledge that will help to inform our understanding.

Nation of Sanctuary Croeso Fund offers groups the opportunity to apply for single year or multi-year funding of up to 3 years.

To be considered for a three-year grant please complete the additional section of the application form, indicating how you plan to develop your project over the period of funding being applied for. ## Important information for organisations applying: The Wellbeing of Future Generations (Wales) Act 2015

The Well-being of Future Generations (Wales) Act is about improving the social, economic, environmental and cultural well-being of Wales. It requires organisations in Wales to think about the long-term impact of their decisions, to work better with people, communities and each other, and to prevent persistent problems such as poverty, health inequalities and climate change.

We're keen to encourage organisations to think about not just the community in which they live and work, but also how their work aligns with and complements the services and activities of other groups and organisations both voluntary and statutory. We'd like you to think about how your organisation can work together with others to add value, working in partnership rather than in competition. In your application, please explain your plans for the future as well as for the present, we would like to see how groups are thinking about the long-term impact of their decision making to work with and alongside others.

## Important information about this fund criteria

This fund criteria may be subject to change.

To ensure the funding really goes to where it is needed, we will continue to consult with the Welsh Government and organisations that directly support people displaced by conflict and/or persecution and seeking sanctuary, to assess their immediate and ongoing needs.

We will be as flexible as possible to ensure funding reaches these organisations as quickly as is possible, which may mean we need to change the fund criteria in the future.
