Introduction

This document is about the **Education Fund for Denbigh and Surrounding Area**.

It says:

- What the aim of the fund is.

- Who can apply.

- How much you can apply for.

- How to apply.

Fund aims

This fund is for projects based in schools and colleges about:

- Vocational training – this means learning the skills of a certain job.

- Health issues.

- Healthy living.

This fund can also be used to support individual students aged between 11 and 25 years old.

How much can you apply for?

You can apply for up to 1 thousand pounds a year, for up to 3 years.

In some situations, you can apply for up to 5 thousand pounds. You must explain why your project or idea deserves this much funding.

Who can apply?

- Charities, groups, and organisations.

- Running projects and activities for children and young people living in:

- Denbigh
- Nantglyn
- Henllan
- Bodfari
- Aberwheeler
- Llandyrnog
- Llanrhaeadr yng Nghinmerch
- Llanynys
- Llanefydd
- Llansannan

We like applications that show exactly how they meet the goals of the Fund. And who have not had this funding before.

How to apply

- You must fill out an online application form. You can get this on our website: communityfoundationwales.org.uk/grants/education-fund-for-denbigh-and-surrounding-area

Important things to know:

We cannot pay for anything that has happened before:

- We send you an offer letter.

- You send us a signed copy of the terms and conditions.

- You cannot use this fund to support other groups and charities.

- You must spend all the money within 1 year of getting our offer letter.

- You must show clearly in your application why this money is needed.

Funding for more than 1 year

You can apply for up to 3 years of funding from this fund. We call it **Multiple Year Funding**.

You can still use this funding for 1 year projects. And for buying small items and things you need that meet the aims of this fund.

If you want funding for 3 years, you will need to fill out the extra section of the application form.

You need to explain how you plan to grow your project over the 3 years.

If you are not awarded 3 year funding, you may still get funding for 1 year.

Core funding

Core funding covers the running costs of your organisation. It can be spent on things like staff wages and bills.

It can be hard to find core funding.

Groups can now apply for funding towards their core costs for up to 3 years. As long as:

- You can provide your accounts for the last 12 months.

- The amount you apply for is less than half of your yearly income. For example, if you want to apply for 1 thousand pounds a year, your income must be at least 2 thousand pounds a year.

The Wellbeing of Future Generations Act 2015

This is a law about improving life in Wales for people now, and in the future.

To achieve the aims of this law, we must:

- Think about how our decisions might impact people in the future.

- Work better with people, communities, and other organisations.

- Work together to stop problems like **poverty**, **health inequality** and **climate change**.

Poverty is when someone does not have enough money to live on.

Health inequality means people don't always get equal chances to have good health. For example, maybe because of where they live.

Climate change means the change of the earth's temperature and weather conditions. It is caused by things like oil and gas.

We want to encourage organisations to work better together.

We want organisations to think about how their work fits in with other work that is going on.

In your application please think about these things.

Please explain your plans for now, and the future. We want to see how you plan to work alongside others.

Hard words

Climate change

This means the change of the earth's temperature and weather conditions. It is caused by things like oil and gas.

Health inequality

Health inequality means people don't always get equal chances to have good health. For example, maybe because of where they live.

Poverty

This is when someone does not have enough money to live on.
